LAGO DI LUGANO E COMO

Dear Guests and Friends of the *Parco San Marco*®,

It's time. – Time for recovery and relaxation. Time to recharge, time to get active or just laze the day away. It's time for all those things that make life worth living. It's time for a journey, time for a break with us.

We are delighted to announce some new offerings for the 2011 season in the fields of art, gastronomy and family.

The Italian 'ModernArt' sculptor Elvino Motti will be exhibiting some of his sculptures at our venue. His works have already been displayed in Hawaii, Rome, Venice, and Milan. Now, his sculptures have found their way to us and we are thrilled to have them.

In 2010, we were the first Italian hotel and business ever to be awarded the Swiss Tourism 'Level 3 Quality Seal'. In terms of quality management, we decided to put in place further eco-friendly measures within the framework of the 2010 ISO 14001 certification. This has led us to update our demonstration kitchen this winter, and to introduce induction hobs just in time for the opening of the 2011 season.

Among other highlights this year are the puppet theatre weeks and workshops. Internationally renowned artists will offer an exciting programme for all ages at Easter, Pentecost, and from mid-July to mid-August. We're really looking forward to it!

Thanks to our guests' contributions on travel portal website HolidayCheck, the *Parco San Marco*® was named one of HolidayCheck's Top Hotels 2011. Only the most popular hotels worldwide receive this award. Out of six Swiss hotels, *Parco San Marco*® is the only one south of the Swiss Alps to receive this accolade.

Are your bags packed and everything ready for your trip?

We look forward to seeing you!

Raimondo Sartorio
